**Catechism - Read again the 6th Petition and the Meaning**

*This petition tells us to offer a prayer to God that we not be tempted by any source. But if we are tempted, we have the wisdom, fortitude, and security of self to turn toward God and to our faith. If we faith, we pray in this petition that God helps us to get back on track, refocusing on God as our source and our home.*

**Discuss with Parent**

- If you can't remember a sin, is it still a sin?
- Is there a difference between "known" and "unknown" sins?

*A sin is a sin is a sin. The good news is that God forgives all of our sins and is here to guide us so we don't make the same mistakes again. Through all temptation, through all evil that we face God is always with us.*
